

## **Harmonizing Colonization starting from Europe**

*Certain programs of violence, contempt for mankind and colonization might have their source in Europe (slave trade from Africa to the Americas, how Native Americans were treated – breaking of many contracts and defiance of their human rights) and have been transferred to America and maybe also to Australia (Aborigines). Is there any necessity, and are there possibilities (or is there an ideal possibility that is safe on all levels) to dissolve and heal this to the highest good of all, so that this frequency may be transferred as well, starting in Europe (since this was the source)?*

There are things, that have to be corrected, starting in Europe, to neutralize this seed.

Make a blend of essential oils (and other people in Europe may do that as well) and drop it onto European soil. If you travel to Australia, drop it onto that soil as well. If you travel to Africa, drop it onto that soil as well. Everyone can do that, it is not complicated. It must not be complicated, so it is duplicated often enough.

### Part of this oil blend are:

15 drops of Frankincense

17 drops of Ylang Ylang

12 drops of Cedarwood

3 drops of Cypress

1 drop of Rose

Read the following text aloud to that oil blend:

„What once found its way as perdition over the seas and on land to foreign countries

Will now be healed and neutralized to the highest good of all, generations back and forth.

I heal the Earth, I heal the programs with my free will to the highest good of all.

Healing happens, purification happens, transformation happens.

My impulse is being heard, understood and implemented to the highest good of all,

With the help of Soul Level, of the Earth, of stones, of living beings, of air, of water and of fire to the highest good of all.

Thank you.”

There is nothing to be added, and it has to be exactly this wording.

It is no problem to do this as a group, to prepare the oil blends together.

At least in Europe there shall be 1 drop of oil blend dropped onto European soil - from those conducting this - for one week daily. Please do not use soil in a plant pot or in a city park, but go to places where the soil can communicate within itself. The whole continent Eurasia will profit from this, and Europe can “pay off” guilt, also in India and other places.

Through this, all negative consequences of the damage programs emanating from Europe can transform much easier and can be changed positively in a way that does not add any more harm to achieve healing.
